<b>TOEFL IBT</b>	Overall score of 60 (with at least 18 in Writing).

## CAREER OPPORTUNITIES

Quantity Surveyors can budget, price, and financially administer construction projects. Typical roles include estimators, procurement managers, cost managers, assist quantity survey, contract administrators and contract managers. With further experience, quantity surveyors can lead into the fields of project management, commercial management, and disputes resolution.

During the programme, students can apply for free student membership of the New Zealand Institute of Quantity Surveyors (NZIQS). Upon graduation and acquiring industry work experience, students can advance to full membership. NZIQS is a member of the Pacific Association of Quantity Surveyors (PAQS), which includes member countries such as China, Japan, Philippines, Canada, Australia and South Africa.
